

PPS KEEPSAFE™ H-TAGS

Innovative New
Keepsafe™
Tags!

Visible deterrent to
would-be thieves

Reusable and easy
to attach/detach

Allows for open
merchandising and
easy customer access

Cannot be removed
with traditional
standard, super or
hyper detachers

The PPS Keepsafe™ H-Tags provide high-level theft protection for everything from delicate intimates to durable sporting goods. While beneficial for use in any traditional hard tag application, the Keepsafe™ H-Tags are especially effective where standard or super locks are being defeated or removed. The H-Tag and H-Detacher offer extreme resistance to both amateur and professional thieves working in your retail space. H-Tags are only detachable using the Keepsafe™ H-Detacher and cannot be removed with traditional standard or super detachers that are easily replicated or acquired. With their sleek shape and color combo, the H-Tags provide a strong visual deterrent without detracting from the consumer shopping experience. Keepsafe™ H-Tags are available in both AM and RF technologies.

General Use and Application

- Clothing
- Footwear
- Sporting Goods
- Accessories
- All Traditional Hard Tag Applications
